

# MASTER ADAPT

MAInSTreaming Experiences  
at Regional and local level  
for ADAPTation to climate change

## SARDINIA REGION

MASTER ADAPT has involved the Metropolitan Network of North Sardinia with the Municipalities of Sassari, Alghero, and Porto Torres, and the Metropolitan City of Cagliari

### MAIN ACTIVITIES

- ▶ **Territorial climate analysis and vulnerability assessment** to climate change at regional and metropolitan level
- ▶ Identification of **adaptation objectives and actions** through a participatory process, in order to fight climate risks linked to forest fires, droughts and heatwaves, at regional and metropolitan level
- ▶ **Development and implementation of Master Adapt guidelines** and definition of a Regional Adaptation Strategy for integrating adaptation measures into planning
- ▶ **Synergy with the Strategic Plan of the Metropolitan City of Cagliari**
- ▶ Training, Increase in **knowledge and awareness** of climate risks among citizens and political decision-makers
- ▶ Creation of a **regional network** through collaboration and exchange of experiences with several national and international projects and initiatives

### MAIN RESULTS

- Definition and approval of the Regional Adaptation Strategy
- Identification of more than **80** regional adaptation measures in **16** sectors
- 3** Municipalities involved in the Metropolitan Network of North Sardinia with **176** adaptation measures identified in **6** sectors
- 17** Municipalities involved in the Metropolitan City of Cagliari with **116** adaptation measures identified in **6** sectors
- 11** meetings with **160** participants, representatives of the Municipalities and local stakeholders
- 6** climate-related events organised
